

HOT SPOTS IN INDONESIA—This map locates towns in central Sumatra involved in the latest Indonesian developments: Bengalis, island port where central government troops are reported to have gone ashore; Pakanbaru, along Siak River, headquarters of the American-owned Caltex oil fields; Dumai, where more troops were due to land. Troop landings were some 200 miles across jungle-covered Sumatra from rebel center of Padang. (Ap Wirephoto)

Demos, Republicans Hold Rallies Monday

Candidates Say 3rd Party Has No Force

The Pettis County Young Democratic Club held a meeting in the Assembly Room of the courthouse Monday night at which time the City candidates on the Democratic ticket were introduced and made brief remarks. The principal talks were given by William F. Brown, City Counsellor, and John C. McCloskey, City Chairman of the Democratic Committee.

Verrell Martin, president, presided over the meeting and introduced the candidates.

Routine business was taken care of during which time a discussion of membership was held. Recently YDC cards were mailed to prospective members and some have overlooked returning their dues. Efforts of the Club will be made to bring the membership higher than in any previous year.

Mayor Julian H. Bagby, candidate for re-election, was first introduced and he stated, "I am running on the Democratic ticket and it is in the best interest of all Sedalia that all of these fine people on the Democratic ticket be elected."

Chief of Police Edgar Neighbors, candidate for re-election, in his talk urged "everybody go vote and take somebody with them. It takes runs to win a baseball game and it takes votes to win an election."

Paul Alpert, candidate for re-election as City Collector, and Thomas Keating, candidate for Police Magistrate, both acknowledged their introductions and urged the Young Democrats to work hard in the election.

James Durely, City Attorney, also a candidate to succeed himself, said "the third party will not make any difference if we get out the Democratic voters."

John M. Blue, Assessor, candidate for re-election, remarked (Please turn to page 2 column 3)

Irate Bird Lovers Stir Mayor's Anger

WAUKEGAN, Ill. (AP)—A howl over an owl got a scowl from Mayor Robert Sabonjean yesterday.

The owl, a member of the long-eared species protected from hunters by state law, was shot by policeman John Hoff, 30. The policeman said he was acting in line of duty when he fired his pistol to frighten a flight of about 40 swooping birds away from a children's playground. He thought they were hawks.

One bird, an owl, fell dead. The mayor agreed with Hoff's decision.

"Now I'm getting these phone calls from bird lovers who want Hoff fired," said Sabonjean. "I wonder whether some bird lovers have any room in their hearts for their fellow man."

Blind Student Has Reunion With His Dog

HACKBRIDGE, England (AP)—With joyful laugh, Jeff Davis Duty, 22-year-old blind American student, was reunited with his Seeing Eye dog today after half a year's separation.

"Thank God, now I can be independent again," said Duty, of Rogers, Ark., hugging his Alsatian, Binney.

In accordance with Britain's strict quarantine laws, Binney was locked up when Duty arrived last September to study law at the London school of economics. Since then the American has been living in a hostel with English students and has been visiting his dog two or three times a week at the government's quarantine kennels.

Tax Cut Decision Delayed

Republican Leaders Report This After Attending Meeting With Eisenhower

WASHINGTON (AP)—Republican congressional leaders said today President Eisenhower has decided to wait at least a month before determining whether to recommend any antirecession tax cut.

Rep. Martin of Massachusetts, the House GOP leader, said Republicans attending a White House meeting with Eisenhower voiced no opposition to that decision.

The congressional group met with Eisenhower to discuss means of bolstering the nation's economy as Secretary of Labor Mitchell was announcing that unemployment climbed to around 5,200,000 in mid-February—an increase of about 700,000 over January.

Mitchell, addressing an AFL-CIO conference, said tax reduction would be "the next big step" if business does not pick up.

Senate Democratic Leader Lyndon Johnson of Texas, however, told reporters at the Capitol that as of now he is "not prepared to embrace a tax cut."

The White House meeting was held against the background of Vice President Nixon's assertion yesterday that he would prefer an across the board tax cut to any new program of massive spending for public works.

Martin said he and the other Republican leaders who met with Eisenhower feel there should be a month's wait before deciding about taxes. In the meantime, he said, they would find out whether other steps recommended by the President will solve the problem.

Johnson did not draw a line against eventual tax reduction by the Democratic-controlled Congress. But he said it would be up to Speaker Rayburn (D-Tex) and other House leaders to signal when they believe action is needed in this field.

"I'm like a lot of other folks," Johnson said, "I am not ready as of today to embrace a tax cut. I haven't talked to many people who are."

Labor Secretary Says Unemployment Grows

WASHINGTON (AP)—Secretary of Labor Mitchell reported today that unemployment reached 5,200,000 in mid-February, up about 700,000 from January. He said a tax cut is "the next big step" toward halting the recession.

Mitchell announced the February jobs figure, prepared jointly by the Labor and Commerce departments, in a speech to an AFL-CIO economic conference.

He called for government action to buoy the sagging economy, but cautioned against "ill-advised action."

Mamie Ends Her Visit With Ailing Mother

DENVER, Colo. (AP)—Mrs. Dwight D. Eisenhower took off for Washington today after a two-day visit with her ailing mother, Mrs. Elvira Doud, 79.

Jack Cunningham

Cunningham Is Rotary's New President

Members Are Told About Extensive Fellowship Program

Jack Cunningham was elected president of Rotary Club Monday at the noon meeting of that organization at Bothwell Hotel. He is president and manager of the Sedalia Ice and Cold Storage Co.

Other officers elected are: Vice-president, the Rev. D. Warren Neal; secretary, Keith Yount; treasurer, Leonard Peabody; and board of directors, Fred Crnic, Rich Johnson, J. O. Miller and Omar West. The new officers are elected for the year July, 1958, to July, 1959.

The meeting was presided over by Dr. C. Gordon Stauffacher, president, with invocation by the Rev. Jess Wallace. James T. Denney led the singing, with Miss Lillian Fox at the piano. Program chairman was Bill Kurtz.

Guests presented by J. O. Miller were Norman Heckman, Ardmore, Okla., and Merdek Lawrence of Higginsville.

An explanation of the Rotary constitution and by-laws was made by Ray Lippard.

An announcement was made that 113 Rotary Foundation Fellowships for 1958-59 had been given for advanced study abroad as Rotary ambassadors to 113 outstanding graduate students from 30 countries for the school year. The one year, all expense grants average \$2,600 each. Since the program was inaugurated in 1947 Rotary Fellowships have been awarded to 1,063 young men and women living in 64 countries for study in 42 countries at a cost totalling \$2,600,000.

Roving Rotarians were: Wally Wise and Dick Snow, Warrensburg, and Harry Walch, Springfield.

One Opinion

Have you noticed how reluctant the snow seems to remain in Sedalia? Someone told us that's because the campaign fires are beginning to blaze, heating the air.

Considerable cloudiness tonight; partly cloudy Wednesday; low tonight in mid 20s; high Wednesday near 40.

The temperature at 7 a. m. was 27, 36 at 1 p. m., with the low Monday night 27. Moisture content in snowfall .07 inch.

The temperature one year ago today, high 66, low 48, with .03 inch of moisture; two years ago, high 78, low 42; and three years ago, high 68, and low 21.

Everyone Got Out Safely

HOSPITAL FIRE—Smoke billows from the burning "Old Main" building at the Lincoln, Neb., State Mental Hospital while a fireman atop an extension ladder directs a stream of water into the structure. The fire routed 335 patients but no serious injuries resulted. The fire badly damaged the wing shown here and destroyed the roof on an annex to the rear. (AP Wirephoto)

Senate Sidetracks Blair Bill But Advances Two to House

Asks Tuition, Salary Hikes

College Funds Battle Slows Down the House

JEFFERSON CITY (AP)—Battles over funds for the university's agricultural extension service and money for the five state colleges slowed action in the Missouri House to a crawl today.

Rural members pushed across an amendment reducing committee figures for university salaries by \$100,000 for the coming fiscal year and adding the amount to the extension service.

That made salary money for the university stand at \$5,741,650 and set salary money for the extension service at \$1,099,000.

Committee leaders put up a stout defense for the higher allotment at the university. They said it was needed to increase salaries and upgrade the university instruction staff to a point where outstanding educators could be attracted and held.

As one member put it, "you can teach these young men and women in a barn but you've got to have outstanding teachers."

Still the rural members, contacted in force by farmers and other spokesmen for the extension service over the weekend, closed their ranks and got their amendment adopted on a 104-29 vote.

It took an hour and a half to settle that fight.

Then the quarrel started over money for the state colleges and it wasn't over after another hour of bitter argument.

The Appropriations Committee had decided to reduce state money for the five state colleges by \$100 for each out of state student at each school—on the theory that it was unfair to Missouri taxpayers to train students from other states free of any special tuition fee.

The schools could get the money back by charging a fee.

It was pointed out that some 1,460 students from other states or countries attended the Missouri schools in 1956 without paying any special fee, despite the fact their own states charge such a fee.

Still pending when the House quit late for a two-hour luncheon period was an amendment that would put the appropriations of all the schools back at the original levels recommended by Gov. James T. Blair—shorn of the changes the committee suggested.

Yesterday the House rushed \$380 million in appropriations to the Senate without argument.

Kenneth U. Love

Love Elected President Of Local Club

Knife, Fork Club Board of Directors Picks New Officers

K. U. Love was elected president of the Sedalia Knife and Fork Club at breakfast meeting of the board of directors held Tuesday morning at Hotel Bothwell. James E. Durely was elected first vice-president; Dr. J. B. Rice, second vice-president; Mrs. John Welch, secretary-treasurer.

B. E. Heacock, retiring president, presided at the meeting and congratulated Mrs. Frank Wagner, Bryan Howe and J. C. Alexander on their recent election to the board of directors. He announced that a meeting to select the speakers for the 1958-59 season would be held on April 14.

Present for the meeting other than those mentioned, were John C. Ryan and J. L. Van Wagner, Sr.

House Approves \$211,000 Fund For State Fair

The Missouri House appropriations committee last night accepted \$211,000 in appropriations for additions and alterations at the Missouri State Fair in Sedalia, according to Rep. Milton Overstreet of Pettis County, committee member.

Broken down, the appropriations items are: Completion of sheep pavilion, \$40,000; resurfacing of track, \$12,000; repairs to track fence and stalls, \$13,000; swine pavilion additions and alterations, \$144,000; and preparations for waterfowl exhibit in poultry department \$2,000. The last item was an "extra" not previously considered and which was injected by Rep. F. R. "Buck" Robertson of Knox County.

Stricken from the appropriations measure were two items—\$11,000 for refrigeration for meat exhibits and \$5,000 for additional restrooms.

During Monday's session of the committee, the members were reminded by Overstreet at one point that it was hardly consistent on one hand to make unfavorable comparisons between the Missouri fair and other state fairs in the Midwest and, on the other hand, to keep from the Missouri fair the money necessary to raise it to the same standards.

Late Bulletin

Church Bid Rejected

HAVANA, Cuba (AP)—Rebel leader Fidel Castro rejected today a church-backed move to end his guerrilla war. He vowed to fight to the finish to oust President Fulgencio Batista.

Third Concert Will Be Given Monday Evening

The third concert of the season for the Sedalia Symphony Orchestra, under the direction of Abe Rosenthal, will be presented at the Smith - Cotton Auditorium next Monday, March 17, starting at 8:15 p.m.

Featured as guest artist will be John Pennink, brilliant young pianist from the Netherlands. Patrons of the symphony's concerts requested prior to the artist bookings this year that a pianist be included in one of the concerts. Working through the Pryor-Menz Concert Service, local officials of the orchestra, were fortunate to obtain Pennink, who is considered one of the best concert pianists touring the United States this year.

Jack Faber, president of the Sedalia Symphony Society, announced today that admission will be by season ticket or individual admission at the door. Students have been previously given season tickets through their school principals. Whiteman Air Base personnel will be admitted by I.D. cards and a large attendance is expected from the base, it being noted several Air Force members comprise part of the orchestra personnel.

Federal Troop Issue

Appeals Court Hears Attorneys On Little Rock Integration

ST. LOUIS (AP)—A self-styled Arkansas country lawyer told the Federal Court of Appeals today the use of federal troops to enforce integration at Little Rock's Central High School is "a disgrace to civilized society."

Kenneth Coffelt, a hand-waving lawyer with tempestuous delivery, was the first of a number of attorneys heard by the court in three Little Rock integration cases. The line of authority between federal and state governments is involved.

"The troops are jamming the classrooms," Coffelt shouted. "They have taken over the institution."

Coffelt, representing Mrs. Margaret Jackson in her claim that military authorities violated the constitutional rights of her two children at the school, said Presi-

dent Eisenhower acted without authority in ordering the use of troops.

"No American court has ever held a federal court decree is a law of the United States," Coffelt argued. "The power to execute laws starts and ends with Congress and federal court decrees are not laws."

Donald B. MacGuineas, a Justice Department attorney who spoke quietly in contrast to Coffelt, called Mrs. Jackson's complaint "completely defective."

The two children of Mrs. Jackson, an official of the League of Central High Mothers, have transferred to another school since the federal troops arrived in September, MacGuineas noted.

"They have lost whatever right they did have," he said. Coffelt told the three-judge court

Patrol Right To Search, Seize Passes

Highway Reciprocity Commission Bill Is Also Approved

JEFFERSON CITY (AP)—The Missouri Senate knocked over one of Gov. James T. Blair's governmental reform bills today but passed two of his other recommendations to the special legislative session.

Sent to the House on a 24-6 vote was a bill to give the Highway Patrol the power of search and seizure over motor vehicles travelling on the highways. Five Republicans and a Democrat voted against the plan.

Passed and sent to the House 30-0 was a measure to set up a new Missouri Highway Reciprocity Commission to negotiate truck reciprocity agreements with other states.

There was no debate on either bill but sharp questioning developed when Sen. George A. Spencer (D) of Columbia, the majority floor leader, called up a bill to set up a long range planning program for state buildings under Comptroller Newton Atterbury.

It was defeated 14-16 but at the last minute Sen. John W. Noble (D) of Kennett switched his vote to "no." That put him in position to make another try to pass it later.

Sen Jack S. Curtis (R) of Springfield suggested the only emergency about the bill was to "reward some of the party faithful." He raised objections to setting up a new state agency with a big payroll.

The proposed chief of planning and construction would get \$12,000 a year and Spencer said in the long run putting capital improvements on a planned basis would save the taxpayers money.

Republicans voted solidly against it and two Democrats joined them—Sens. Edward J. Hogan of St. Louis and Edgar J. Keating of Kansas City. Several other Democrats were absent when the vote was taken.

It was the second of the governor's administrative reform bills to go down. Earlier the Senate defeated a bill that would have set up a new administrative management section under the comptroller to advise on departmental procedures.

Committee Against National Guard Cut

WASHINGTON (AP)—The House Armed Services Committee told the Pentagon today it doesn't want the National Guard cut from 400,000 to 360,000, as the Defense Department has ordered.

It called for appropriating an extra \$87,400,000 for guard and reserve activities.

The committee unanimously adopted a stiffly worded resolution giving its views both to the military and to the House Appropriations Committee.

Companion resolutions, also adopted unanimously, opposed a proposed cut in the Army Reserve from 300,000 to 270,000 and called for release of an estimated 90 million dollars already appropriated for National Guard and Reserve armories and other facilities.

Spending of the money has been held up by administration orders.

OBITUARIES

Mrs. (Addie) Agnes Howerton
Mrs. (Addie) Agnes Howerton, 92, died at Buena Vista at 4:30 p. m. Monday. She had been in ill health for several years.

Mrs. Howerton was born in Daviess County near Gallatin, Mo. August 9, 1865, daughter of the late William and Melvina Marksberry Ross.

She was married September 6, 1883 in Henry County, Mo., to Peter H. Howerton. They were the parents of three children. Mr. and Mrs. Howerton lived most of their married life in Henry County, Mo. Howerton died in 1929.

Mrs. Howerton lived in Sedalia for the past six years, coming here from Burlington, Kans., where she had resided with a daughter for five years.

She was preceded in death by her only sister, Mrs. Josie Gaines, a number of years ago.

She was a member of the Chilhowee Baptist Church.

Surviving are two sons, U. L. Howerton, 1334 South Grand, Sedalia, Albert E. Howerton, Hollywood, Calif.; one daughter, Mrs. Ula Payton, Burlington, Kansas, three grandchildren, E. E. Howerton, and Mrs. Jack Faber, Sedalia, and Mrs. Evelyn Graham, Warrensburg, Mo. Four great grandchildren also survive.

The body was taken to the funeral home.

Funeral services will be at 2 p. m., Thursday at the Chilhowee Baptist Church with burial in Cornish Cemetery near Petersburg, Missouri.

The body will remain at the Ewing Funeral Home up to time to leave for services.

Cosby O. Simpson
Cosby O. Simpson died Monday at his home south of Nelson.

He was born Sept. 18, 1877, in Wayne County, Ky., the son of Cosby and Mary Simpson. In 1907 he was married to Miss May Boles near Nelson. He was a retired farmer.

He is survived by: one son, George, of Nelson; one daughter, Miss Mary Ruth Simpson, of the home; two brothers, Will and Matt Simpson, Cushing, Okla.; one sister, Miss Lydia Simpson, Norman, Okla.; and two grandchildren.

Funeral services will be held at 2 p. m. Wednesday at Salt Fork Church with the Rev. Ira Griffith officiating.

Palbearers will be Burnett Corrine, Edgar Dial, Raymond Holden, Fred Woodledge, Eugene Embury and Jesse Hoke.

Burial will be in the church cemetery.

The body will lie in state at Hays-Painter Funeral Home, Pilot Grove, until one hour before the services.

Homer E. Hagerman Rites
Funeral services for Homer E. Hagerman, 47, who died Friday at his home two miles west of Fortuna, were held at 1 p. m. Tuesday at the Fortuna Baptist Church with the Rev. Eugene Troop officiating.

Burial was in Union Cemetery at Rocky Mount, Mo.

The body was at the Kidwell Funeral Home, Versailles, to remain until time for services.

Democratic

(Continued From Page One)

"This will be a tough election, but we can win."

Mrs. Leo Robb, candidate for Treasurer, stated "we are fortunate in having a fine organization and an excellent ticket."

The four candidates for Council running for re-election also spoke. Harry Moore, First Ward, said "it is the fifth time I have run, but we should hear from the Young Democrats". Councilman R. N. Snavely, Second Ward, had no comment. Councilman Dr. Ira White, Third Ward, said "I don't believe the Third Party has much of an organization and I know what an organization can do. Without an organization I don't think they can do much." Councilman C. L. Kelley, Fourth Ward, said "Sedalia cannot afford to lose one Democrat this year."

After the introductions, Brown took the floor and gave a brief talk in which he called attention to the "so called Third Party and asked 'where is this party?' It isn't necessary to worry about that opposition."

"It has been most amazing these past 10 days around Fourth and Ohio. It's been like the Katzenjammer Kids running around chasing each other."

"The Democrats have got far the best candidates, best program and best platform. So let's not worry about opposition."

City Chairman McCloskey, in his talk, opened by saying "There is a Democratic ticket, a Republican ticket and another candidate running for Mayor."

He called attention to a conversation with a young man who he said "this young man couldn't tell me why he wanted a change. When in law school we had to give a reason for the 'Why's' and that was a must in our answers."

"I asked him Why don't you like what is being done? Why don't you like progress? Why don't you like the accomplishments being made? And why don't you like a man who works and works and works to keep things being done, keeping up with progress and accomplishments? I believe that young man will think about these things before he votes."

"We ought to be Democrat or Republican, black or white, and be proud to stand up and be counted as either a Democrat or a Republican. If we are defeated, which I don't think we will be, I hope it is a political party, that does it and not an Independent."

As to his stand in being Chairman of the Committee, McCloskey said, "I'm going to run the show for the benefit of the candidates. It isn't my first election and I shall see they all work to get elected."

"The young man on the third ticket has got lots to learn and when this is over, I am sure he'll have learned plenty," McCloskey said.

Continuing he said, "We have done a lot and we must do more for Sedalia if we expect Sedalia to grow and become a city. The job of Mayor is not a stepping stone, and is not being used as such. The Democratic Party is very lucky he (Mayor Bagby) has agreed to run once more."

Martin, in closing the meeting, stated he regretted the Club did not have a larger attendance, but he appreciated those present, and comments made by the candidates. He also said "we, as a Club, will do all it can to help in the City election."

George E. Rodgers
George E. Rodgers, 76, Kansas City, died in a Kansas City hospital Sunday, March 9.

Mr. Rodgers was a former Sedalian, having been a painter and contractor when here.

Surviving are: his wife, Mrs. Ethel M. Rodgers and a son, Roy, of the home; two other sons, Carl E. Rodgers, Sedalia and Paul B. Rodgers, Tulsa, Okla.; a sister, Mrs. Margaret Ballinger, Wapato, Wash.; five grandchildren and seven great-grandchildren.

Funeral services will be at 10 a. m. Wednesday at the Stine and McClure Chapel, Kansas City, and the body will be brought to Sedalia for graveside services at Crown Hill Cemetery with the Rev. Walter D. Niles, pastor of Wesley Methodist Church to officiate.

Six Missouri Cities May Pool Firefighting
MOBERLY, Mo. (AP)—Six central Missouri cities would pool manpower and equipment to fight major fires under a plan now under study.

Columbia and Booneville have passed ordinances approving the project. Other cities considering the plan are Mexico, Fulton, Jefferson City and Moberly.

State Industrial Growth Reaches Record in 1957
JEFFERSON CITY (AP)—Missouri's industrial growth set a record last year with over \$360 million of new investment, Gov. James T. Blair reported today.

A survey by the State Division of Resources and Development showed this was a gain of 89 percent over 1956. It represented a \$108 million investment in plants and equipment by new manufacturing firms and expansion of existing firms by \$64.4 million.

The 66 new firms put 2.6 million square feet of production floor space to work while the 126 firms which enlarged their plants added 4.3 million square feet.

The total expansions added \$23 million in payrolls for 11,661 workers. Of these jobs, 7,687 are in outstate areas.

Of the new industries, 48 went to smaller outstate cities against 18 in the metropolitan areas, James D. Idol, director of the division, credited much of this outstate success to activity community industrial development corporations.

In Missouri manufacturing last year, transportation equipment topped the list with \$107 million, machinery other than electrical accounted for \$7½ million and chemicals and allied products \$7 million.

Son, to Mr. and Mrs. Wesley Nelson, Windsor, at 1:43 p. m., March 8 at Woodland Hospital. Weight, seven pounds, eight ounces. Named Michael Edward.

Daughter, to Mr. and Mrs. John Haldiman, California, at the Latham Sanitarium, California, at 1:18 a. m. March 9. Weight, seven pounds, 14 ounces. Grandparents are Mr. and Mrs. John Haldiman Sr. and Mr. and Mrs. Hugh Haldiman, California.

City Hospitals
BOTHWELL — Surgery: Mrs. Raymond Dillon, 1116 West 11th; Miss Susan Breidenbach, 216 South Prospect; John Hunt, Route 1; Mrs. Philip Bergman, 1930 East 16th.

Accident: Mrs. Josephine Riley, 903½ South Grand, fractured hip in a fall.

Medical: William Sims, 1631 East 13th; Albert Smith, Hughesville; Donna Jean Ross, LaMonte; Mrs. Roy Swope, Houstonia.

Tonsilectomy: Master Robert MacDonald, Jr., 2336 Second St. Terrace.

Dismissed: Joseph Copas, 1206 East 13th; Mrs. Louis Staples and son, Houstonia; Mrs. Shirley Osborne, 1001 South Limit; Mrs. Franklin Raines, Stover; Mrs. William Thomas, 1430 West Main.

WOODLAND — Medical: Miss Sally Steelman, 1201 South Quincy; Homer B. Huesman, 2300 South Collins.

Dismissed: Mrs. Donald Crouch and daughter, Donna Jean, 1407 East 13th.

In Other Hospitals
Mrs. M. D. Hazlett, Buncheon, recently underwent minor surgery at St. Joseph's Hospital, Booneville.

Mrs. W. R. Flynt, California, Mo. is a patient at the Latham Sanitarium, California.

Mrs. E. A. McClellister, California, is a patient at St. Mary's Hospital, Jefferson City, where she has undergone major surgery.

Mrs. John Francis, California, recently underwent an amputation of her leg at the Charles E. Still Hospital, Jefferson City. She is reported to be progressing satisfactorily.

John Selvey, 10½-year-old son of Mr. and Mrs. Donald Selvey, 34th and Grand, Sedalia, was dismissed from Children's Mercy Hospital on March 8. He was admitted to the hospital for orthopedic treatment on Jan. 30.

John was one of the children privileged to attend the big police circus in the auditorium arena in Kansas City last week. Businessmen donate books of tickets for Mercy's children to see this annual event. In addition to the thrill of seeing nationally known performers an added attraction for the children is to ride in a 10-car motorcade from the hospital to the downtown auditorium escorted by motorcycle police. The same eschospital when the performance is cert returns the motorcade to the over.

Temperatures Remain Near Freezing Mark
KANSAS CITY (AP)—Temperatures hovered around the freezing mark and skies were cloudy in Missouri today following 24 hours of persistent but generally light snow.

Readings in the 20s were forecast for tonight with highs tomorrow expected to range from the 30s in the northeast to around 40 in the southwest.

The snow ended shortly after midnight at most points although freezing drizzle was reported at Springfield early this morning. A few points reported mist and fog. Very light, occasional snow still was falling in a small area in central Missouri.

Snow ranged up to two inches. That amount was reported at St. Louis, which now has an accumulation of seven inches.

Wet, Cloudy Weather Covers Most of US
BY THE ASSOCIATED PRESS
Wet and cloudy weather covered broad areas of the country today, but there were no severe storms or wintry cold.

Light snow or flurries continued in sections of the Rockies and central part of the nation, with cloudy skies in most areas. The west belt extended from Montana southward through Colorado and eastward through the Mississippi Valley. Falls ranged up to 2 inches in west central Illinois.

The male Blackcap bird, a small warbler, often helps his wife incubate her eggs by sitting on them while she takes a rest period. But, the male Blackcap is strictly a ham performer and often betrays the location of their nest because he continually sings while sitting on the eggs.

GOP

(Continued From Page One)

"Should not local talent be utilized for the important function of city operation?" he asked. "Why should we go to the added expense of employing advisors from elsewhere when there is an abundance of local, expert talent that can do as good, if not a better job? I also feel that all city purchases of goods and services should be submitted for competitive bidding. Wherever economically possible, such purchases should go to local firms."

Harold Vogel, candidate for the City Council from the Third Ward, remarked, "It is customary to start every speech with a joke—the best joke I can think of is the condition of our city streets. Sedalia is a city of handsome lawns, homes and churches, and truly a good place to live. We can improve our city by improving our streets. Mayor Candidate Haller and all the Republican council candidates are pledged to the program of better streets."

Leroy Luchs, candidate for City Council from the Second Ward, pointed up the need for additional parking space for the downtown area. "To grow and prosper, Sedalia desperately needs this additional parking space. Concerning the present off-street parking movement, the present city administration is not telling us the whole truth. We have been led to believe that only money from the present 440 parking meters will be needed to retire the bonds recently issued."

"The bond purchasers demand that these bonds be paid off in a very short time, ten to 20 years, rather than the usual 40 years. This means that an additional \$18,000 annually is needed to repay indebtedness. In addition, it is anticipated that the present parking fee will be increased from five cents an hour to ten cents an hour. It is anticipated that an additional meter-man will be required to enforce the one-hour limit on the street meters."

Paul Hausman, candidate for the City Council from the First Ward, stated, "We think that the water department, which now belongs to the city, is being properly run, at least it has a capable head in I. H. Reed. We have no reason to think that politics has entered into it and we certainly are not making any accusations or inferences to that effect. However, such things can happen (and sometimes do happen) and we simply want to go on record as favoring bi-partisan administration of the water department."

Aaron Haller, Republican candidate for mayor made several points concerning this program of city operation. "I favor a sound recreational program for the city. I feel that a full-time recreational director is needed to promote and carry through a constructive, healthful playground system. In the past, we have had our share of juvenile problems, but by and large we can be proud of our youngsters. Let's continue to aid and assist in their development with a positive program of recreation and supervision."

"I feel that the office of Mayor of the City of Sedalia should be available to the people of the city individually and in group. I shall do my best to make this office available at regular hours for the purpose of rendering whatever service required by these people, the help that they have every right to expect from their elected officials."

"I favor and will foster bi-partisan boards for the supervision of all functions of city operation. In particular, I will foster a board of police commissioners to advise and assist the police department, and will promote a merit system of promotion within the police department."

"For the better part of the past 25 years, the people of this city have waited hopefully for

Girl Scouts' Birthday

Birthday anniversaries are always a time for rejoicing. The manner in which this is done varies by family or organization.

The event affords opportunity to remind individuals or groups in the home or outside of past accomplishments, and to encourage them on the next lap to face the responsibilities of life.

A great deal of worrying is done about what may happen in the future to those youngsters between 7 and 17. Typical of the group in this bracket are the future homemakers.

There is an organization which is observing this week the 46th anniversary of its founding—the Girl Scouts of America. These future homemakers now number 2,300,000 girls who are being trained in the qualities of self-reliance, dependability and initiative by 700,000 adult leaders.

Sedalia Girl Scouts are joining with others throughout the country rededicating themselves to the service of their family, neighbors and community, just as the Girl Scouts Law dictates: "A Girl

Scout's duty is to be useful and to help others."

The Girl Scout organization makes no claim that it can prevent juvenile delinquency, but it does give children a sense of belonging, an opportunity for achievement and recognition which are deterrents to involvement in distractions leading to mischief.

Girl Scouting in Sedalia has been a force for good. Women who belonged during their teen age should never miss an opportunity to remind youngsters of this era of their own former membership in such a wholesome organization and the benefits derived from it.

There are many Sedalia girls not interested in Girl Scouting for the simple reason some adult has missed an opportunity to encourage them to join.

On this 46th anniversary the Girl Scouts theme is "You Can Count On Her." Our birthday wish is that she may count on us. To help other people as she helps them in the many activities in which Girl Scouts are engaged, is a mutual obligation of citizenship.

The Washington Merry-Go-Round

Johnson Rushes Depression Measures

By DREW PEARSON

WASHINGTON — Contrasting moves to remedy the business slump have been made at both ends of Pennsylvania Avenue. Here are some of them:

At the east end of Pennsylvania Avenue—Sen. Lyndon Johnson of Texas moved with amazing efficiency to ram a series of public-works, housing, highway measures through the Senate. They include:

1. A new housing bill totalling nearly two billion to pump new life into the construction industry. It should become law within a matter of days. Another housing bill will follow shortly.

2. Two resolutions urging speed on civil and military public works. Though a Democratic resolution, 18 Republican senators climbed aboard, 10 of them candidates for re-election.

3. A new speed-up highway bill, which will concentrate highway construction in 13 years instead of more than 20 years as desired by the administration.

4. A farm bill refusing to take Secretary Benson's farm price cuts. This will probably have enough votes to overcome a White House veto.

5. A reclamation bill, though still in Senate Committee, will be passed soon.

Johnson, a past master at parliamentary procedure, is determined that most of the above legislation will speed through the Senate within a week or 10 days. It will be the biggest flip to the over-all national economy this year.

At the west end of Pennsylvania Avenue—Things move slowly. There have been good intentions, considerable groping. The President has indicated the cure to the economy was a matter of renewed buying by the American people. Some of his economic advisers have been concerned that these statements might be too much like those of the last Republican President, Herbert Hoover, uttered on the verge of depression days.

Kindly Sherman Adams has been concerned over pictures published in the New England papers of long lines of unemployed standing in the bitter snowstorm at Biddeford-Saco, Maine, where 30 per cent of the population is out of work. With unemployment compensation exhausted, they are now receiving a relief ration of flour, corn meal, cheese, rice, and powdered milk. Merchants from all over Maine, plus other parts of New England, contributed fish, poultry, macaroni. Finally the Portland Good Neighbor Committee got in touch with Sherman Adams. He promised to find some additional federal food from Secretary Benson's larder — if possible, frozen hamburger, eggs, and butter.

Also at the White House end of Pennsylvania Avenue, the Federal Reserve Board gave the banks a green light to expand their loans \$3,000,000,000 in order to inject new life into business. This was done by lowering the reserve requirement, however, the Federal Reserve enriched the banks by \$500,000,000 that could have been made available to the government.

Such are the contrasting moves at each end of Pennsylvania Avenue.

Three days later, the Western end of Pennsylv-

vania Avenue began moving to catch up with the east end. Ike also urged a public works program, even recommended extending unemployment benefits somewhat longer for those out of work.

Brucker's Red Face

Reddest face in Washington last week was that of Secretary of the Army Brucker. Attending a reception for the West German Minister of Defense, Franz Josef Strauss, Brucker announced:

"The second United States satellite is feeling good and going strong. I'm going to hurry back to the Telecom room and track its progress."

"I hope the Secretary of the Army is not still tracking," remarked one guest later. "If so, he won't be home to dinner."

Which Is Socialism?

In Nashville this week, Vanderbilt University's Vice Chancellor John Stambaugh invited Eisenhower's joint Federal-State Action Committee to campaign for "more local responsibility" and less federal money for slum clearance, vocational education, and other welfare projects.

This put Chancellor Stambaugh, an Eisenhower consultant, in a unique and somewhat conflicting position. On the one hand, he preached slashes in federal aid. Yet on the other hand, more federal funds flowed into his own University.

After Stambaugh took office as Vice Chancellor in 1936, the Federal Treasury suddenly seemed to open up to Vanderbilt. The Housing and Home Finance Administration in Washington came through with a \$2,000,000 loan to construct a men's dormitory on the Vanderbilt campus. The public health service in Washington awarded two contracts to Vanderbilt for air-pollution studies. These have already brought \$103,400 to the university with a promise of more to come.

Now the Veterans Administration is erecting a \$15,000,000 Veterans Hospital in Nashville. If the site turns out to be close to the Vanderbilt campus, nobody will be surprised.

It is no secret that Stambaugh's position as a "special consultant" to President Eisenhower has helped attract federal funds to Vanderbilt. Some officials wonder whether federal hand-outs for men's dorms at Vanderbilt are any less socialistic than federal aid for better housing and slum clearance.

Note — The joint Federal-State Action Committee, of which Stambaugh is a member, was set up by the White House to get the Federal government out of state and local projects, including aid to universities.

You Can Count On Her

community when she is needed.

Gertrude Stein might have said, "a girl is a girl is a girl," but leaders of Girl Scout troops say "a Girl Scout is a girl you can count on." She learns how to do all kinds of useful things—first aid, cooking, minding younger children. Most important, she learns to be a good citizen and is ready to serve her community when she is needed.

—O—

Hunters and fishermen are usually a rugged lot. Not long ago, five of these men who love the deep woods and clear lakes were almost drowned when their fishing boat overturned. They were rescued by a group of teen-age Girl Scouts who were on a canoe trip.

In the last two years 30 Girl Scouts have received awards for extraordinary, and often dangerous, rescue work.

Odd Politics In Cuba

Caribbean politics must forever remain a thing of mystery. Cuban rebels who briefly kidnapped Argentine race driver Juan Manuel Fangio said they hoped it would force cancellation of the country's Gran Premio race and thus embarrass President Batista.

It's somewhat as if, in 1936, Adlai Stevenson had tried to hide Mickey Mantle at his place in Libertyville during the World Series in the hope of putting the crusher on President Eisenhower.

Watch the Cuban news closely. Any day you may read that Batista has been toppled because the rebels made off with Cuba's leading symphony conductor and the president couldn't face the political embarrassment of an empty podium.

"They Said I Can Have the Stamp!"

The World Today

Recession Confuses English Language

By JAMES MARLOW
Associated Press News Analyst

WASHINGTON (AP)—The English language gets confusing when the Eisenhower administration talks of the recession and unemployment.

Some of those doing the talking: President Eisenhower, Vice President Nixon, Gabriel Hauge, Eisenhower's special assistant on economic affairs, and Robert E. Merriam, assistant director of the budget.

Eisenhower on Feb. 12—one day after government figures showed January unemployment at 4½ million—said: "I believe that we have had the most of our bad news on the unemployment front."

(Today the Labor Department was expected to announce unemployment climbed in February to around 5,100,000.)

Also on Feb. 12 Eisenhower said: "... Every indication is that March will commence to see the start of a pickup in job opportunities" and that this "should mark the beginning of the end of the downturn in our economy."

Did that mean things would start getting better in March or that the recession would stop by April? Maybe not. Apparently not. On Feb. 19 Hauge said Eisenhower's statement had been "misread."

He volunteered one of his own: "Improved employment in March, reported in April, should constitute a good sign that the downturn was running out of steam." That seemed to be saying what Eisenhower had said. Or did it?

Then Hauge added this: he would expect to see the downturn

Looking Backward...

TWENTY-FIVE YEARS AGO
Following destruction of the Christian Church at Booneville by fire Sunday morning, worship went on in another location, the Rev. Kring Allen, pastor, arranging for the use of Turner Hall there. Cost of replacement of the building was estimated at \$15,000 to \$20,000.

1933
Miss Mary Amelia Letts, the first woman to hold public office in Sedalia, that of city treasurer, died Friday, March 10 at her home, 1217 West Fourth.

1933
"Ghost Parade" presented by a cast of 16 at Smith-Cotton High School, was a laughable comedy and attracted an audience of 1,000. Miss Eunice Couseley, head of the dramatics English department, directed the play.

1933
Mrs. Harry Wilson was elected secretary of the Young Republicans' Club, succeeding Miss Juanita Young, who resigned owing to other duties.

FORTY YEARS AGO
The Rev. W. T. McClure, pastor of the First Methodist Episcopal Church, South, left for Springfield to attend a board of missions session of the Southwest Missouri Conference.

1918
Roy Edwin Mitchell and Monroe Ellis were voluntarily inducted into military service by the draft board Monday and were sent to Camp Funston.

1918
The residence of Herman Rugen at 1405 South Stewart, was destroyed by fire Sunday shortly after midnight. Origin was attributed to a defective flue.

"slow to a stop during the second quarter" of 1938. That would be sometime between April 1 and July 1.

Eisenhower on Feb. 26 said a tax cut was a "possibility" if there was any deepening of the "depression" but on March 5 he said he had no tax-cut bill ready.

Yet late yesterday, just a few hours before Hauge was telling radio questioners "it's far too early to speculate on details" of a tax cut, Nixon said he favors a tax cut if the economy fails to show an upturn in the next few weeks. He mentioned no specific date.

On March 5, Eisenhower talked of relying on private spending to overcome the recession and said he does "not believe spending federal money is the answer."

But March 8 Eisenhower not only urged a speedup of various public works projects approved by

Congress but proposed the federal government start paying benefits to out-of-job workers who have used up their unemployment compensation.

Eisenhower has publicly denounced any major "pump-priming" drive to get the economy moving but yesterday Asst. Budget Director Merriam testified before Congress that the government will spend between 300 and 500 million dollars more this fiscal year—largely because of efforts to combat the depression—than Eisenhower estimated last January when he proposed his spending program.

Hauge, asked last night on radio how the recession can be licked, said: "When our total expenditures, private essentially, go forward to higher levels."

But what there seems to be some disagreement about is: How?

Dr. Jordan Says

New Industrial Materials, Methods Cause Skin Trouble

By Edwin P. Jordan, M. D.

It was pointed out at a recent symposium held in Milwaukee that new medical problems—particularly skin problems—are constantly popping up because of changes in industrial methods.

Plastics as a cause of skin difficulty have become more important in the last 15 years. Fiberglass materials also cause skin difficulty. The increased use of soluble cutting oils used for high-speed tools has increased the risk of contact skin disorders in some industries. There are many others. Aside from the unpleasantness suffered by someone with an occupational skin disease, it has been estimated that the cost of these diseases in the United States is more than 100 million dollars a year.

There are believed to be a number of predisposing factors involved in acquiring an occupational skin disease as well as those causes directly responsible.

Any thinning or breaking of the outer layer of the skin, for example, aids the entry of an outside irritant. Pigment of the skin plays a part; those with thin, blond skin appear more susceptible to most irritants than those with dark skin.

Workers with thick, oily skin are better able to resist the irritating effects of some fat solvents, but those with hairy arms and

legs and oily skin are more likely to develop pimple-like lesions from contact with greasy substances.

Perspiration usually offers some protection against skin irritants by diluting them. But excessive perspiration may encourage some forms of skin irritations from solid substances.

Age is a factor. Apparently most workers with industrial skin disorders are young and new at the job. Their susceptibility may be because of age, because they have not become hardened to the irritant substances, or are less careful in handling them.

The skin of a woman, because it is drier, is more sensitive to external irritants than that of a man. Occupational skin disorders are more frequent in warm weather, perhaps because less clothing is worn and more bare skin is exposed.

One important predisposing cause of occupational skin disorders is lack of cleanliness. Prompt and efficient removal of irritants of the skin prevents their long action and therefore greatly lessens chance of causing trouble.

Of course, the cleanliness of the shop or working environment is important and periodic cleaning of walls, floors, ceilings, windows, machinery and the like are useful preventive measures.

Most industries have made extensive efforts to lessen the hazard

Russians Use Thaw Technique

Diplomatic Ice Age Shows Some Signs of Receding

By JOSEPH A. DEAR

Of Our Washington Bureau

WASHINGTON — Russian cold war tactics are changing.

Their embassy people here have come out of hiding wearing warm smiles. The sullen and coldly suspicious Russian of the past is hard to find. The diplomatic ice age seems to be ending.

Almost no one believes that Russian intentions have changed. The simple and probable explanation of the thaw is that the Russians figure to make more mileage with friendly gestures. Whatever the explanation, though, the change is very real.

Russians pop up at more parties. They're anxious to talk and drink with Americans. And you learn

some surprising things at these sessions. For example, one reporter told me the English of the Russian he was drinking with improved with consumption.

For the first time in many years, a Russian ambassador has addressed the National Press Club. The last to do so was the late Maxim Litvinoff, during World War II.

The new Soviet Ambassador, Mikhail Menshikov, was all for getting Russians and Americans together. At the summit and all other levels.

About that I have my doubts. For while Menshikov was making his pitch for a summit meeting, Mr. Vladimir S. Lavrov, counselor of the embassy, was working at a lower level on me. And though our conversation was friendly, it was confusing.

"Have you been here long, Mr. Lavrov?"

"I have my family with me," he answered.

"Yes," I said, "but how long have you been here?"

"I just told you," Lavrov said. "that I have my family here. You know, wife and children."

"Ah, yes," I said. "Well, do you enjoy it here?"

After a pause he said, "It is very interesting," in a tone suggesting he really thinks Washington a hardship post.

"Have you ever been to Moscow?" Lavrov inquired suddenly.

I said no, and he asked where had I been. I said Germany. And what did I think about German unification? I thought it would be a good thing.

"It must be recognized that there are two sovereign German states," Lavrov pronounced.

To keep the conversation going, I mentioned a unified, but neutralized, Germany.

"I did not say neutralize," Lavrov said. "Besides, the Germans were not unified in the 17th century, and then they unified themselves. That could happen again."

"I suppose you are a specialist in European affairs," I said, in commenting on his interest in Germany.

Lavrov smiled mysteriously and said: "I have ideas, you know."

At this point the luncheon broke up.

"Goodbye, Mr. Lavrov," I said, "and I hope to visit Moscow one day."

He grasped my hand, and observed somewhat obscurely, "You don't have to visit Mosco to see me again."

Thinking It Over

By Robert L. Dieffenbacher, D.D.

Highways are being rebuilt in many parts of the nation. Superhighways are taking the places of winding, bumpy roads. We used to think that these curving thoroughfares were dangerous because there were so many opportunities for landing in the ditch. Narrow roads created the hazard of one's being sideswiped in the center of the road.

Accidents have not decreased a great deal since highways have been reconstructed. New dangers have come into being. Speed now claims the lives of many people and it causes scores of accidents which do not kill people.

Although our way through life has been materially much easier and more comfortable in recent years there seem to be many pitfalls and opportunities for sin. Temptation seems to lurk along the level way even more than it did along the rugged trails of years gone by.

Large Wheat Crop Prospect Is Favorable

WASHINGTON (AP) — Prospects for a big crop of winter wheat continue favorable, the Agriculture Department says.

In a crop outlook report issued late yesterday, the department said wheat in the important producing areas of the Great Plains continues in excellent condition. This is in sharp contrast to several other recent seasons when drought plagued both the crop and the southern Great Plains.

"Soil moisture, although now excessive in much of the South and East as well as some Pacific sections, is plentifully stored throughout the great farming area which weighs heavily in crop output," the report said.

Water prospects in most western irrigation sections also looked adequate to plentiful, the department said.

In the Great Plains, many farmers were said to see standstill yield possibilities for their wheat. The department emphasized, however, that many hazards remain before the harvest is assured.

Milk production in February continued its long uptrend. Output was reported at 9,482,000 pounds, or about one-half of one per cent above February last year and 12 per cent above the 10-year February average. The department said production would have been larger had weather conditions—marked by blizzards—been more favorable.

Egg production at 4,753,000,000 was down five per cent from the corresponding month last year. This reduction reflected the fact that farm flocks are smaller.

Batista Promises Honest Election Despite Rebels

HAVANA, Cuba (AP) — Cuba's armed forces will insure a "free and honest election" for president June 1 despite the activities of Fidel Castro's rebels, President Fulgencio Batista said last night. Batista made the pledge on a nationwide radio and television broadcast marking the sixth anniversary of his seizing power. The day passed in comparative peace as a rumored general strike in support of Castro failed to materialize.

An unidentified man bombed a city bus last night with an explosive-filled bottle, injuring seven persons. The bus hit an electric pole, knocking out the lights in the neighborhood, and crashed into a store.

Speaking from an army garrison near Havana, Batista said he would absolutely respect the result if an opposition candidate should be elected. Batista added that he expected the winner to be his candidate, former Premier Andres Rivero Agüero.

Repeating previous charges that Castro's guerrilla war is "led by Communists," Batista said rebel "acts of terror, destruction and death" would not stop the election. Batista's term expires next Feb. 24.

Heavily armed members of Cuba's 22,000-man army were on guard throughout this Caribbean island after Batista had called off his usual anniversary celebrations.

Some rebel sources said Castro may wait until the end of March to call a general strike in an effort to oust Batista.

Drastic Shakeup Due For Polish Farms

WARSAW (AP) — A drastic shakeup is on the way for Communist-ruled Poland's state farms, the Agriculture Ministry has announced.

More than two million acres of poor quality land farmed by the state will be sold to private owners or put under timber. Agricultural experts now working as ministry officials will be sent to run remaining state farms at pay rates unusually high for Poland.

The two million acres are more than a tenth of state farm land. Much of the rest will be turned over to collectives sharing profits with the state.

State farms, unlike collectives, employ regular labor at fixed wages. They have always had trouble getting workers.

The ministry said the farms will be able to choose their own schedules and stop trying to grow unprofitable products.

Kaye 'Conducts' In Benefit At Carnegie Hall

NEW YORK (AP)—Maestro Danny Kaye "conducted" at Carnegie Hall last night.

The old masters whose works he murdered must have turned over in their graves.

Although art suffered, the New York Philharmonic's pension fund benefited from the prices charged for the concert. And everybody had a good time.

Danny loped onstage carrying a dozen batons. He shook hands not only with the concert master, but also with a dozen other men in the 100-member orchestra.

After winding his way through the ensemble, he reached the two female harpists and gave each a kiss. Then—as if overcome with emotion—he planted a kiss on the brow of a male bullfiddle player.

Finally reaching the podium, he handed out batons to orchestra members like noise makers at a New Year's Eve party. He fell off the podium. He wound up for his first downbeat, and the baton flew into the audience.

Danny gave his cues to the musicians by kicking out his foot, sticking out his tongue, shouting "Gaboorn," barking like a seal when he was pleased, and giggling at every pleasant sound.

Driver Rescues 18 From Flaming Bus

AURORA, Ill. (AP) — A young schoolteacher-bus driver rescued 18 pupils from their flaming bus yesterday after it careened into a culvert and caught fire, burning the trapped pupils.

Eight of the children in 52-passenger bus were reported in serious condition in hospitals. All were fifth and sixth graders. The bus-driver, James Meredith, 25, an eighth-grade teacher, said he lost control of the bus when it struck a series of holes in a gravel road. Flames burst from a ruptured gas tank, setting the bus on fire.

Meredith told newsmen he forced open the tightly sealed front door and rushed to the back to open the emergency exit, which also was stuck. He supervised the children's exit through flames and smoke. He suffered facial burns.

St. Joseph's Annexation Found Legal

JEFFERSON CITY (AP)—A big St. Joseph annexation, almost doubling the city's area, was upheld by the Missouri Supreme Court yesterday.

The 8,714-acre area addition is in a continuous band a half mile to a mile and a half wide around three sides of the city. It was fought bitterly by scores of residents but the Supreme Court said the annexation was reasonable.

The court noted that St. Joseph has promised to provide normal municipal services like police and fire protection as quickly as possible. It is the first big addition to the city's area in many years. The Supreme Court also held, in a 4-3 decision, that a public utility may charge the cost of a municipality's gross receipts tax only to customers of that city.

The cities of West Plains and Mountain View had complained about a State Public Service Commission finding in a case involving Western Light & Telephone Co. The dissenting judges said that if a gross receipts tax can be treated as an exception, a property tax might be treated the same way and "the door should not thus be opened."

In other opinions the court: Ordered William A. Moon of Springfield suspended from practicing law for two years. He pleaded guilty last year to having failed to file federal income tax reports for three years.

Added three years in prison for Charles D. Hendrix, who with two other convicts sawed window bars in "B" hall at the Penitentiary in 1955 but failed to escape.

Surgery Saves Ulcer Patients In Some Cases

LOS ANGELES (AP) — Surgery, says a Mississippi doctor, can save ulcer patients from becoming "gastronomic cripples."

Dr. Lawrence W. Long told a news conference yesterday that many medical schools still recommend surgery for gastric ulcer only if the patient is over 45 and if the ulcer has bled twice.

In contrast, Long would recommend surgery at the outset. "I think it is time for the surgeon to take the ball from the internist," he said.

"Too often the ulcer patient has been treated protractedly by medication, diet and other nonsurgical means. When, over a period of years, this has failed the patient is finally sent to a surgeon."

Use of surgery early in ulcer cases, he said, has become practical because of the great strides the profession has made in general operative techniques. These include the development of antibiotics, the perfection of anesthetics and their administration, and the availability of blood banks.

Long, staff surgeon at the Mississippi Baptist Hospital in Jackson, was here to address the 11th biennial International Congress of the International College of Surgeons. He said surgery for ulcers has reduced deaths from stomach cancer because of early detection. Many supposed ulcers turn out to be cancers when the surgeon sees them, he said.

SIMULTANEOUS REVIVALS Beginning March 16th

FAMILIES HONORED — These three Pettis County families were honored guests of the Kansas City Chamber of Commerce last Wednesday, March 5. The G. W. Meyer, and Jack Alfrey families were being recognized as County award winners and the Cloyce Wilson family as District representatives from Pettis County, for their achievements on their farm through the Farm and Home Planning program during 1957. Standing left to right is: Jack Alfrey, Mrs. Jack Alfrey, Cloyce Wilson, Mrs. Cloyce Wilson, Mrs. G. W. Meyer, G. W. Meyer and Lloyd Lewellen, associate agent. Home Agent Opal O'Brian also accompanied these families.

Hal Boyle's Column

From Lord Byron's Odd Diet To Women Bank Presidents

NEW YORK (AP)—Things a columnist might never know if he didn't read his mail:

That Lord Byron, a poet who was as odd as his rhymes, invented his own special diet to lose weight. It consisted of cold boiled potatoes and wine.

That men outnumber women 25-1 in "Who's Who in America." The youngest of 50,645 celebrities listed is actress Margaret O'Brien, 21.

That if you are a normal, red-blooded American, you will eat 62 hot dogs in 1958.

That this remark was overheard at a bar: "She made a millionaire out of him. When she married him he was a multimillionaire."

That a possum at birth is about the size of the eraser on an ordinary lead pencil.

That migrating geese fly up to 60 miles an hour and hold the altitude for high-flying feathered folk—29,000 feet.

That the original "Siamese twins," joined together from birth, married sisters and had a total of 22 children. Among their descendants were an Air Force general and a railroad president.

That the more feminine beauty fashions change the more they are the same. Women of ancient Pompeii painted their cheeks and wore their hair bound in a manner pretty much like the present day "pony tail."

That it was never safer to be mother. Fewer than one woman out of 2,000 now dies in childbirth.

That bandleader Sammy Kaye says television will never take the place of the movies until they come up with a set that will also dispense popcorn.

That in certain parts of Egypt a father or brother who kills his erring daughter or sister is regarded as an "honor criminal"—and usually gets only six months in jail.

Officers Elected At PTA Council Meet Wednesday

The Sedalia PTA Council met Wednesday afternoon, March 5, at 1:30 at the First Baptist Church at which time Mrs. Ralph Rohrbach was elected president. Other officers elected for next year were: first vice-president, Mrs. George Chamberlin; second vice-president, Mrs. Myron Lindquist; third vice-president, Mrs. S. F. Swearingin; secretary, Mrs. W. J. Ramsey; treasurer, Mrs. A. L. Jones and historian, Mrs. Price Alexander.

The devotional, "Are We Spoiling Our Children?" was given by Mrs. T. E. Owen. Mrs. Lloyd Abney sang "Bless This House" with Mrs. Donald Donath at the piano.

Mrs. Donald Donath, music director at Whittier School, presented two of her pupils in a musical program. Judy Schmidt sang: "My Wild Irish Rose" and "When Irish Eyes Are Smiling." Alan Glick sang "Pat Works on the Railway" and "An Irish Lullaby." Mrs. Donath accompanied them on the piano.

Mrs. Sam Knapp, president, presided over the business meeting, and announced a school of instruction will be held April 16.

Mrs. John Kenney presented a skit on nominations and parliamentary procedure.

A social time preceded the business meeting with members of the Whittier School as hostesses.

Sedalian Participates In European Maneuver

Army Acting Sgt. Francis D. Embree, 20, son of Mrs. P. W. Embree, Route 3, Sedalia, recently participated in "Sabre Hawk", a Seventh Army maneuver which involved more than 100,000 troops in Germany.

A supply sergeant with Headquarters Company of the 4th Armored Division's 41st Infantry in Ulm, Embree entered the Army in June, 1957, and arrived in Europe the following December.

The sergeant was graduated from Green Ridge High School in 1955 and attended Central Missouri State College.

Seventy-three per cent of the private automobiles owned in the United States are used for business.

Good Offices Team Leaves for Tunisia

PARIS (AP) — The U.S.-British good offices team left by plane for Tunis today for more efforts to iron out the French-Tunisian dispute.

Robert Murphy, U.S. deputy undersecretary of state, and his British associate, Harold Beoley, were slated to confer with Tunisia's President Habib Bourguiba on the wrangle touched off by French bombing of a Tunisian village Feb. 8 which killed 79 persons.

In Paris the pair conferred at length with Premier Felix Gaillard and Foreign Ministry officials.

PONTIAC SWEEPS NASCAR SAFETY HIGHWAY PASSING TESTS!

DAYTONA BEACH, FLA. Pontiac again proves it is AMERICA'S NUMBER 1 ROAD CAR in the year's toughest test of SAFETY, HANDLING AND PERFORMANCE!

HOUSEWIFE VICKI WOOD AND HER '58 PONTIAC taught men drivers a lesson in winning the 50 m.p.h. safe passing event. The elated Mrs. Wood reported, "... our new Pontiac handled and performed like a dream ... so smooth and easy I couldn't believe it!"

Winner of the 30 m.p.h. passing event and high over-all winner of the safety tests with his standard 4-door Pontiac Catalina, magazine auto expert Jim McMichael cracked, "I could have told them before the tests started—this '58 Pontiac is in a class by itself!"

Chances are you'll never be up against the precise and exacting demands that NASCAR puts on test cars and drivers. But you can put Pontiac through your own everyday driving paces and learn why test drivers call Pontiac America's Number 1 Road Car.

You'll discover that the industry's hottest team of engineers has created a car so advanced in basic design that it brings with it a totally new kind of driving. Give the nod to its Tempest 395 V-8 with power trimmed precisely to your wish. Corner it, park it, maneuver it to the point of abuse and you marvel at your absolute command in every type of driving situation.

Come in—drive and safety-test America's Number 1 Road Car. You'll discover it's by far the biggest money's worth on the market!

NCAA Tournament Begins Its Preliminary Shapeup Tonite

By DON WEISS
The Associated Press

The basketball bounces in New York, Evanston, Ill., Stillwater, Okla., and Shreveport, La., tonight as the NCAA Tournament begins its preliminary shapeup for four high-powered weekend regionals.

Such powers as West Virginia, today voted to the regular season national championship in the final Associated Press poll, Maryland, Notre Dame and Oklahoma State are scheduled in a seven-game program that includes the Arkansas-Southern Methodist playoff at

Shreveport for the Southwest Conference title.

West Virginia, stung by the loss of backcourt star Don Vincent, plays Manhattan College as part of a triple-header at Madison Square Garden, Maryland, No. 6 nationally, meets Boston College and Dartmouth is fired with Connecticut. The three New York winners join Temple in the Eastern regionals at Charlotte, N.C., Friday and Saturday.

Notre Dame plays Tennessee Tech's Ohio Valley Conference champs, and Pitt, led by All America Don Hennon, goes against Mid-American champion Miami (Ohio) at Evanston. The two winners join Kentucky's South-eastern Conference kings and Big Ten champion Indiana in the Midwest regional at Lexington, Ky., Friday and Saturday.

At Stillwater, Oklahoma State plays Loyola of New Orleans for a berth along with the Southwest Conference champ, Kansas State of the Big Eight, and Cincinnati of the Missouri Valley Conference at Friday's Midwest regional in Lawrence, Kan.

The complete lineup for the Far West regional at San Francisco, also Friday and Saturday, will be decided by preliminary eliminations in Berkeley, Calif., tomorrow night. That one pairs Wyoming's Skyline champs with Seattle, and the Border and Rocky Mountain champions, Arizona State of Tempe and Idaho State, with the winners joining San Francisco's Dons and California at San Francisco. Cal won the Pacific Coast Conference last night, defeating Oregon State 57-45 in a playoff game.

The NAIA clambake conducts the second half of its 16-game first round today and tonight in Kansas City, following up opening day victories by Plattville, Wisconsin, Indiana (Pa.), West Virginia Wesleyan, Pacific Lutheran, Coe (Iowa), Tennessee State, Drury (Mo.), and Pasadena (Calif.).

The NCAA's small college group, which held its regional play last week, resumes tomorrow with quarter-finals at Evansville, Ind.

The 12-team National Invitation Tournament opens at Madison Square Garden Thursday.

Seattle, warming up for its first round season with an 80-74 whipping of Bradley's defending NIT champions last night but the Chieftans' Elgin Baylor lost ground in the individual scoring race.

Baylor hit for 27 points, leaving him with a 33.67 average to 34.58 for Cincinnati's Oscar Robertson.

Sonny Myers, a local favorite, and Bob Geigel no doubt will have a rough and tumble affair. Geigel takes delight in doing everything possible in the book and behind the referee's back. So anything can happen in this match.

The first event starts at 8:15 o'clock with the doors to the Armory opening at 7:15 p.m.

Johnson Shows Little As Relief Pitcher

WEST PALM BEACH, Fla., (AP)—Manager Harry Craft didn't see much yesterday to support his enthusiasm for Ken Johnson as a possible relief pitcher for the Kansas City A's.

Johnson went to the mound against the Reds with score 3-3 in the seventh. He got the side out in that frame but yielded a lead-off homer to Smokey Burgess in the eighth.

The Redlegs tallied again on two walks, a sacrifice bunt and a sacrifice fly and won the game 5-3.

Craft planned to use Ray Herbert, Bill Coleman and John Tisler against the Philadelphia Phillies today at Clearwater, Fla.

FLYING WHEELS—Jesse Horelica of Houston, Tex., sprawls on the track as his motorcycle flies through the air after hitting soft sand during a race at Daytona Beach, Fla. A moment later

he was hit by a driver who was unable to swerve quickly enough to avoid him. Horelica was injured critically. He was riding in the 100-mile beach road amateur race. (AP Wirephoto)

Leathernecks Concerned Over Pilots

KANSAS CITY (AP)—The undefeated Leathernecks of Western Illinois University, No. 1 seeded entry, throw their caps into the National Intercollegiate basketball tournament tonight a bit concerned because of what happened to the No. 2 seeded team last night.

Coach Stix Morley's Leathernecks (23-0) meet lightly regarded Georgia Teachers (12-15) at 6 p. m. (EST). There is absolutely nothing to indicate the Georgians are capable of an upset even in this unpredictable week-long tournament that draws its teams from every section of the country.

The Portland (Ore.) Pilots, who played the toughest schedule of any of the teams and were seeded No. 2, were eliminated in the opening half of the first round yesterday. Unseeded Coe College of Cedar Rapids, Iowa, beat them 63-61.

Coe, which had an 18-6 record, spotted Portland a six-point lead at the half then won the roughly played game by sinking seven consecutive free throws in the closing minutes.

Drury College of Springfield, Mo., also scored an upset in knocking off sixth-ranked Lenoir Rhyne of Hickory, N. C., 78-73. The Missouri team hit 72.7 per cent of its shots in the second half and had 52.5 per cent for the game.

Leonard Brown and Jim McKnight each scored 21 points for Drury.

Other teams came through on schedule although Pacific Lutheran, seeded No. 4, and fifth-ranked West Virginia Wesleyan each had to pull sharp rallies late in their games.

Lutheran defeated Eastern New Mexico University 76-63 and Wesleyan took Arkansas Tech 81-75.

Tennessee State humbled Northern Michigan 113 to 45 in one of the most decisive victories in 20 years of the tournament.

Tonight's eight games complete the first round.

The pairings (Eastern Standard Time):

9:30 a.m.—Assumption (Mass.) vs Western Montana.

11 a.m.—Anderson, Ind., vs Union (Tenn.)

12:30 p.m.—Minnesota University at Duluth vs East Texas State.

2 p.m.—Quincy (Ill.) vs Youngstown (Ohio).

3:30 p.m.—Texas Southern vs Oklahoma Baptist.

6 p.m.—Western Illinois versus Georgia Teachers.

7:30 p.m.—St. Benedict's (Kan.) vs Northern (S.D.) State.

9 p.m.—Georgetown (Ky.) vs Rider (N.J.).

Sloan Returns

NEW YORK (AP)—Sloan Simpson is making her movie debut in a film that is being shot in the city where she once reigned as first lady.

Miss Simpson, stage and TV actress, was formerly the wife of New York's ex-Mayor William O'Dwyer. In the film, "The Pusher," she enacts a policeman's wife who finds her daughter has become a narcotics addict.

Phillies Rough On Card Flingers With 18-3 Win

CLEARWATER, Fla., (AP)—The Philadelphia Phillies treated three St. Louis Cardinals pitchers roughly in an 18-3 defeat yesterday but veteran Herman Wehmeier served up three hitless innings before the roof fell in.

The hapless trio were Lynn Lough, Howard Nunn and Bob Blaylock.

Lovenguth, who was up briefly with the Phils three years ago, was tagged for seven hits and three runs. Nunn, who had a 16-7 record with Houston last year, gave up 11 runs, only five of them earned. He walked five. Blacklock yielded three runs, one of them earned.

Joe Cunningham had a three-run homer and Ken Boyer, Don Blasingame and Dick Schofield contributed doubles to a 12-hit St. Louis attack.

Open Golf Play Shows Three Top Players to Beat

NEW ORLEANS (AP)—The final 36 holes of the \$20,000 New Orleans Open got under way today with Ken Venturi, Bill Casper and Walter Burkemo the men to beat.

Venturi scrambled for a 71 yesterday after carding an opening 68. He fell into a tie with Burkemo, onetime PGA champion from Franklin Hills, Mich., and Casper, the long hitter from Apple Valley, Calif.

Burkemo came in with a 4-under-par 68 after posting 71 in the first round. Casper tacked a 70 onto his first-round 69.

The 36-hole finals today were necessitated because of the heavy rains that postponed the tournament's opening until Sunday. PGA Tournament Director Harvey Raror said the event had to be completed today to allow the touring pros to move on to Pensacola, Fla., where a \$15,000 tournament opens Thursday.

Big Bill Nary of Wayne, Mich., carded the day's best round with a 67 while Mike Krak, Morgantown, W.Va., had a 68.

Gene Littler, Singing Hills, Calif., tied with Venturi and Billy Maxwell, Odessa, Tex., for the first-round lead, took a 78, dropping out of the top 20. Maxwell came in with 72 to tie the Nary, Krak and Arnold Palmer, Latrobe, Pa., for a spot behind the three leaders.

Iowa Defeats MU In Overtime Play

COLUMBIA, Mo., (AP)—Iowa State defeated Missouri 63-59 in an overtime, rowdy contest last night that finished the Big Eight conference basketball season.

The victory put the Cyclones into a second-place tie with Kansas at 8-4 and dropped the Missouri Tigers into a tie with Colorado for last place at 3-9.

Holding a 32-30 halftime lead, the Tigers ran their margin to seven points, but Iowa State came back and sent the game into overtime at 54-54.

Twenty-nine fouls were called against Missouri and 19 on the Cyclones. The small crowd kept bombarding the court with torn programs and the coaches repeatedly voiced protests about the officiating.

Kansas State won the championship two weeks ago and goes to Lawrence, Kan., Friday for the Midwest regional NCAA playoff.

Actress Writes Novel

NEW YORK (AP)—Actress Bea Barrett has completed writing a novel between chores in "The Threepenny Opera," New York's longest-running hit show.

The literary effort resulted from a bet made by Miss Barrett and five other members of the company when the musical had completed 500 performances, that each could complete a novel, play or non-fiction opus by the 1,000th performance.

Miss Barrett's "The Rib and the Apple" was the first to be completed. "The Threepenny Opera" hit the 1,000 mark Feb. 6.

West Virginia Wins Top AP Poll Honors

The Associated Press West Virginia, a team of towering mountaineer boys with the deadly shooting eyes, is the nation's No. 1 college basketball team for the 1957-58 season.

Coach Fred Schaus' squad from Morgantown, W.Va., captured top honors today in the final Associated Press poll, making an 11th-

hour spurt to the position it held through much of the campaign. Cincinnati finished second and Kansas State fell from first to third after being beaten by Nebraska and Kansas during the final week. San Francisco placed fourth and Temple fifth, followed by Maryland, Kansas, Notre Dame, Kentucky and Duke.

The West Virginians grabbed 89 of the first-place votes of sports writers and broadcasters who participated in the balloting. Cincinnati collected the second largest number, 37.

Points are awarded on the basis of 10 for a first-place vote, 9 for second, etc. West Virginia had 1,400 points compared with 1,214 for Cincinnati.

Kansas State had 981 points but only two first-place nominations.

A team of rugged individualists who have no set plays but "do just what comes naturally," West Virginia rolled up a season record of 26 victories and one defeat, counting games in the Southern Conference Tournament it won for the fourth straight time.

The only setback came at the hands of Duke, 72-68, in Durham, N.C., Jan. 27. The mountaineers have a 12-string win as they face Manhattan at Madison Square Garden tonight in one of the preliminary NCAA Tournament playoffs.

The team's ace shot is Jerry West, a six-foot-three sophomore who is averaging 18.1 points a game.

Maryland, with a 20-6 record, broke into the first 10 by winning the tough Atlantic Coast Conference Tournament.

The final standings with first-place votes in parenthesis:

1. West Virginia (89)	1,400
2. Cincinnati (37)	1,214
3. Kansas State (2)	981
4. San Francisco (8)	935
5. Temple (9)	910
6. Maryland (7)	652
7. Kansas (1)	501
8. Notre Dame (5)	479
9. Kentucky (1)	358
10. Duke	350

The second 10:

11. Dayton	310
12. Indiana (1)	199
13. North Carolina	167
14. Bradley (1)	136
15. Mississippi State	104
16. Auburn (4)	98
17. Michigan State	65
18. Seattle	51
19. Oklahoma State (1)	43
20. N.C. State	37

Dibiase Wins In Split Decision For US Benefit

NEW YORK (AP)—Tony Dibiase, the college student who fights like a dead end kid, beat Peter Schmidt for Uncle Sam's benefit. Now he wants to do it again for Tony Dibiase's bank account.

"This one takes care of my income taxes," said 22-year old Tony, a geology student at New York University after he won a disputed split decision over the Romanian-born Schmidt at St. Nicholas arena Monday night, in a telecast 10-round.

"I'll be glad to take him on again next month," said Tony when the promoters asked him if he would fight a return bout. "I could use the cash for some Easter shopping."

"Anytime, any place," said Schmidt. "I'm sure I had the edge on him but I just can't seem to get a break on the scoring lately."

A big majority of the ringside critics had Schmidt ahead, all by very close scores. It was that kind of a fight. The pendulum swung with each round.

Referee Davey Feld (5-4-1) and Judge Mike Davidowitch (6-4-1) each had Dibiase ahead. Judge Joe Eppy cast his vote for Schmidt 6-4. The AP card had Dibiase in front, 6-4.

The two willing, if often inept, welterweights, gave the 1,627 fans (gross gate \$3,361) and the TV fans an exciting show, well worth a return. Willingness to mix it up counts more than skill in boxing these days.

Chip Shot Wins Game For Marilyn Smith

JACKSONVILLE, Fla., (AP)—A chip shot from 34 yards out that rolled into the cup on the 18th green gave Marilyn Smith top money in the \$5,000 Jacksonville Women's Open golf tournament yesterday.

The Wichita, Kan., professional posted a one over par 73 for the final round and a 72-hole total of 299 that was worth \$875.

Miss Smith, president of the Ladies Professional Golf Assn., had been tied with two other players at 226—three strokes behind the leader—at the start of the final round.

Fay Crocker of Montevideo, Uruguay, finished one stroke back at 300 and claimed \$675.

Patty Berg of St. Andrews, Ill., leader through most of the tournament, slipped to a closing round 79 for a 302 and \$425.

Nan Berry of Quincy, Ill., leader of the amateurs, shot an 81 and finished well ahead in that division with 323.

The smallest daily double at Monmouth Park racetrack in 1957 returned \$17.40. The winners were Hi-Pine and Canonize.

May Use Microphones At Cleveland Stadium

TUCSON, Ariz., (AP)—A microphone at home plate? Yes Sir, that's what they'll have at Cleveland Stadium this summer is General Manager Frank Lane has his way.

Not only at home plate, but also behind the third and first base coaching boxes. Let the fans eavesdrop on some of those rhubarbs that develop on the field of every ball game.

Lane admitted some language heard on the field is "earthy," but the very presence of the microphones, he says, will eliminate that difficulty.

Lane's proposal has to be approved by the American League before he can carry out the plan to get umpires, coaches and players' voices on the public address system.

NOTHING TO IT—Warren Spahn of Milwaukee will be 37 in April, but he won 21 games last season with this smooth, power-based form. And baseball people see no reason why he shouldn't be a big winner again this year. With Spahn every pitch comes out of this high-kicking windup, overhand delivery and smooth follow-through. For his career, he's won 224 games.

Distinguished Guests Attend Legion Party

The American Legion Auxiliary to Post No. 16 held the Legion birthday party March 3 at the Legion Hall. The birthday parties of the Legion organizations corresponds to what is known in most groups as "Founder's Day Programs."

The party was started off this year with a basket dinner, Mrs. Tom Soter acting as chaplain. An arrangement of blue and gold flowers, auxiliary colors, on the head table was flanked by blue candles. The other tables were decorated with candles and various figurine arrangements, in keeping with the mood of the music of the evening.

Following the dinner a four-tier birthday cake, decorated in blue and gold, was presented by Mrs. W. C. Cain, auxiliary president, to the Legion. It was formally received by Robert C. Wenig, vice-commander.

Several distinguished guests were present: Frank Piper, district commander; Mrs. Henry Peal, district auxiliary president; Henry Peal, district vice-commander and commander of the Douthie-Specker Post of Odessa; Ermin Taylor, national executive committeeman from Blackburn; E. Glen Lewis, chef de gare; Mrs. R. T. Harrison, Marshall, junior past auxiliary president. Other district officers present were: Adjt. Chas. M. Scruton; sgt.-at-arms Fred Rose; auxiliary chaplain, Mrs. James Mayfield and historian Mrs. Linden Lee Jones.

The principal speaker of the evening was William Kenny, past commander of Waverly Post No. 580 who talked on pending changes in the immigration laws, high school programs as sponsored by the Legion and the American Heritage Foundation. He also issued an invitation for all to attend the district meeting of the Legion and Auxiliary to be held in Waverly Sunday, March 9. He also reminded them that the national commander, John Gleason, would visit the Spring Conference in Jefferson City March 22-23.

Mrs. Virginia Flower, - chair man of the board of Crippled Children's Center expressed appreciation for the aid extended that facility by the Legion and Auxiliary and introduced Mrs. Rudolph Swope, director of that service. Mrs. Swope showed a film illustrating the work of the center. In appreciation of their courtesy in presenting the film a large decorated sheet cake, similar to the one served at the dinner was presented them for use at the center.

The evening closed with dancing to the music of the Rainbow Ramblers. Mrs. R. R. Conn, music chairman, introduced Miss Ruth Bockelman, instructor in charge of the group of instrumentalists. Members of the orchestra were Sharon Ondracek, Lorine Heuerman, Shirley Stean, Bobby Stean and Miss Bockelman and solos were also given by each player during the evening.

The committee members responsible for the success of the dinner were Mrs. L. V. Morris, Mrs. Fred Rose and Mrs. Lucy Swope.

Holds PTA President For Punching Teacher

NEW YORK (AP) — The president of the Parent-Teachers Assn. of a Bronx public school was held in \$500 bail yesterday on a charge of punching her son's instructress.

Mrs. Rose Scusa, 48, was charged with assault after allegedly hitting Mrs. Anne Weissman, a fourth-grade teacher, during an argument in the school's recreation room.

Police said the teacher refused to permit Mrs. Scusa's son Jerry, 9, to enter class until a permit was obtained from the principal. The boy had been absent in the morning.

The principal's office filed the assault complaint. A hearing was scheduled for Monday.

World's largest bivalve, the giant clam, reaches a length of four feet and a weight of about 800 pounds.

Boss Goes to Prison, Leaves Men Jobless

KALAMAZOO, Mich. (AP) — Sixty five employees of American Tool Co., out of a job because their boss has gone to prison for income tax evasion, are hoping they can go back to work.

Rep. Johansen (R-Mich) said he expected to receive approval today from U.S. Dist. Atty. Wendell Miles of Grand Rapids, Mich., to resume operations at the plant.

The plant, which made precision parts under defense contracts, was shut down Thursday by the Internal Revenue Service after the owner, Alex Pinto, was sentenced to prison on conviction of income tax evasion.

Ike Is Ready For Tax Slash If Necessary

WASHINGTON (AP) — President Eisenhower apparently is poised to propose a down-the-line tax cut if the nation's economy fails to respond soon to less dramatic stimulants.

Vice President Nixon obviously supplied the administration's answer to Democratic demands for a huge surge in public works when he told reporters yesterday he would prefer a "substantial" tax cut to any "massive" spending program.

The government was expected to announce new employment figures today, with advance indications pointing to total unemployment of 5,100,000 or more in February, about 600,000 more than in January.

Robert E. Merriam, assistant budget director, testified the budget deficit for the year ending June 30 may run as much as 500 million dollars higher than Eisenhower forecast in January, largely due to heavier spending to combat the recession.

Secretary of Defense McElroy announced also he will ask at least \$1,300,000,000 more than Eisenhower's original \$39,100,000,000 budget request for military spending next year.

Nixon said he expects gains in both business and employment in the near future, but added that if the recession continues, he prefers to "go down the tax-cutting road" rather than the spending road to cure it.

His comment apparently surprised Senators Knowland (Calif.), the Senate Republican leader, and Bridges (N.H.), chairman of the Senate Republican Policy Committee.

Knowland said he regards a tax reduction as "one of the alternatives that should be considered if by summer there is no upturn." Bridges said in a separate interview he is keeping an open mind on the question.

"A tax cut would be one way to approach the situation but I am not committed to one at this time," he said.

Asks for Watermelon For Failing Girl

PROVIDENCE, R.I. (AP) — Seven-year-old Audrey Hocking, dying of cancer, asked for a piece of watermelon at Rhode Island Hospital last night and set off an intensive search for it.

Radio and TV stations broadcast appeals and wholesale fruit houses in Boston and New York were searched in vain.

The little girl has been in the hospital three weeks. Doctors have told her parents, Mr. and Mrs. Richard Hocking of Riverside, that Audrey has only a short time to live.

Margaret Whiting Set To Wed Richard Moore

HOLLYWOOD (AP) — Singer Margaret Whiting, 33, and film executive Richard Moore plan to marry in about two weeks. She says the time and place are undecided.

It will be the singers third marriage. Her previous husbands were radio network executive Hubbell Robinson and music arranger Lou Busch, by whom she had a daughter, Deborah, now 7.

LET'S TRY IT AGAIN — It is practice time for members of the Lions Club who will participate in the minstrel to be presented March 19 and 20 at the Smith-Cotton auditorium. The group is

shown blending their voices in song with George Young at the piano. The proceeds from the minstrel will be used to carry on the many worthwhile charitable programs sponsored by the club.

'He Promised Me'

Student Who Stabbed Another Used Knife Given By Mother

KANSAS CITY (AP) — James William West Jr. went for the slick knife his mother had bought him when he got into a scuffle at Westport High School yesterday.

James Gant, a 17-year-old schoolmate, is in fair condition in General Hospital after six hours of surgery on a deep stab wound in his lower left side.

Jimmie West, 15, is held at the county parental home. There is no charge against him. He is a

big boy — 230 pounds, 5 feet 9. One teacher said he was quarrelsome and acted like a 6-year-old. He was transferred from Northeast High to Westport three weeks ago, mostly to get him away from the crowd he'd been running with.

He had the knife at Northeast, one of the main trouble spots in a recent outbreak of rowdiness in the Kansas City schools. "He took me down to a store and showed me the knives and said that people that didn't have them might get beat up," said Jimmie's mother.

"I bought it for him for his protection after school. He promised me he wouldn't pull it out in school. He's the only kid we got and we hoped he'd try to be something."

The knife has a four-inch blade which slips inside the steel handle. You press a button and flip your wrist and the blade clicks into place. It was supposed to be a German paratrooper knife and cost \$6.

The trouble at Westport started Friday. West said he accidentally bumped into Gant, who is two inches taller but almost 100 pounds lighter.

"He followed me," West said. "He told me he'd whip me if I didn't apologize. I told him if he wanted to fight, okay but I wouldn't fight in school."

At noontime in a basement corridor West passed by a line of pupils waiting at the cafeteria. This time Gant bumped into him. "I said: 'Lay off, will you,'" West related.

He said: "Now you're getting tough, huh?" "I told him: 'You can call it that if you want to.'"

"He pulled a wrist watch off his arm, handed it to another boy and struck me in the mouth with his fist. In fact, he hit me several times and knocked me up against the lockers."

West reached in the left front pocket of his blue jeans for his knife. "I don't remember trying to stab him," Jimmie said. "He may have got stabbed as he attempted to hit me."

Police questioned two other boys in the corridor crowd and they told substantially the same story. West's father is a feed loader at a milling company. Intelligence tests rated the boy among the upper fourth of his class at North-east.

Dr. Richard Ball, Westport principal, said neither of the boys was a discipline problem.

Rose Society Supports Resolution

Mr. and Mrs. Leroy Hodges entertained the Sedalia Rose Society at their home Thursday evening, March 6, with Henry Kipp, Stover, assisting.

Ed Brummet, president, presided at the business meeting following a dessert course served to 22 members.

The program was in the form of a panel discussion on "Rose Problems and Soil Preparation" led by Perry Strole, Henry Kipp, Mrs. A. A. Ferguson and Mrs. Fred Koenig.

Attention was directed to the fact that this week a resolution to make the rose the national flower of the United States was introduced in Congress by Representative Hugh Scott of Pennsylvania.

According to authoritative research, the rose is the oldest flower known to man, and has played an important part in human culture since ancient times. It is known in religion, art, literature, heraldry, and a host of other fields. The Greek poetess, Sappho, named it the "Queen of Flowers," a title which it still bears.

National Rose Week, inaugurated in 1954, is now an official annual event. Cities and towns all over the United States join in honoring the "Queen of Flowers" during this special observance.

America today is believed to be the largest producer of roses in the world, and four states already honor the rose as their official flower.

It is reported that Mr. Scott said he was introducing the bill at the request of Pennsylvania gardeners and rose lovers, and that he expected the bill to receive wide support from the garden clubs, women's organizations, horticultural societies and rose lovers everywhere. He brought out that the United States is the only major nation in the world without a national flower, and that a vast majority of Americans is partial to the rose.

The statement is supported by a Gallup public opinion poll which shows the rose is favored over any other flower by a margin of 19 to 1.

Members of the local Rose Society, understandably, are heartily in favor of the bill and many plan to write to their senators and representatives concerning it.

The next meeting will be at the home of Mr. and Mrs. Victor Gill.

Ike Asks Support To Help Lessen US Road Deaths

ATLANTIC CITY, N.J. (AP) — President Eisenhower appealed for organized citizen support today to help overcome "the terrible march of death . . . on our public roads."

"Action is the answer . . . Co-operation is the means," Eisenhower said in a filmed keynote message to the first of four citizen leadership conferences of the President's Committee for Traffic Safety.

A recent study, the President stated, showed that as an average the 48 states had applied only 58 per cent of their basic traffic safety programs.

"If this record is to be improved, every state, county and local official with responsibility for traffic control must have organized citizen support," he said.

Other conferences will be held in Chicago, April 1-2; San Francisco, April 8-9; and Miami Beach, Fla., May 29-30.

States represented at the two-day Eastern regional conference are Connecticut, Delaware, Maine, Maryland, Massachusetts, New Hampshire, New Jersey, New York, Pennsylvania, Rhode Island and Vermont.

Woman Is Overrun By Canine Driver

WHISKEYTOWN, Calif. (AP) — Mrs. Agnes Rogers, 38, a passer-by, tried to help coax a big German shepherd dog from a station wagon.

Mrs. Rogers fell against the automatic transmission shift lever pushing it from park to reverse. The dog slammed a paw down on the accelerator.

The car zoomed back. Mrs. Rogers was thrown out the open front door. The front wheel ran over her.

The car hit a fence and stopped. The dog disappeared.

Mrs. Rogers suffered a spinal fracture and a broken leg.

Mrs. Carrie Murray, the station wagon driver, said the dog slipped into her car just after she had parked. In her startled leap from the car she left the engine running. She was having no luck getting the dog out when Mrs. Rogers volunteered to help.

McElroy Says Over Billion Extra Wanted

WASHINGTON (AP) — The Pentagon intends to ask Congress to increase President Eisenhower's \$39,100,000,000 military budget for 1958-59 by approximately 1 1/4 billion dollars.

Secretary of Defense McElroy told newsmen, "I don't say that it is going to be more than 1 1/4 billion but it will be at least as large as the supplemental for the current year."

Congress recently authorized a \$1,300,000,000 supplemental appropriation for the Defense Department for the year ending June 30.

McElroy, returning from a nine-day trip in the West, indicated the Joint Chiefs of Staff have completed a study calling for priority projects that will need more money than was recommended in the President's budget.

He added he would be surprised if the extra funds will not include orders for more B52 strategic bombers.

McElroy didn't spell out how the extra money would be spent. He has said previously that if additional funds were granted he was considering speedups in submarines to fire the Navy's 1,500-mile-range Polaris missile, in the Air Force's Titan intercontinental ballistic missile and in the intercontinental Snark guided missile.

Under previous plans, production of the all-jet B52, now the backbone of U.S. strategic bombing forces, was to have ceased after 603 models in favor of a more advanced plane. However, improvements in range and performance are being built into the huge bombers, and they are now considered suitable for launching guided missiles.

Plunges Into Train With Baby in Arms

NEW YORK (AP) — Holding her 4-year-old son in her arms, a Brooklyn housewife plunged into the path of an elevated train yesterday.

The mother was killed. The boy slipped between the ties of the track and hung by a leg, head down, 60 feet above the street for five minutes before being rescued.

Two cars passed over the boy but he was not seriously injured. He was pulled to safety by a motorman and a transit patrolman and taken to a hospital.

Police said the woman, Mrs. Marie Vitucci, 30, killed herself apparently on impulse.

The father, Michael, part-owner of a gas station, had gone to New Jersey in the morning on a car-buying trip. Mrs. Vitucci left a note for their two older children saying she was going shopping with young Michael and would be back later in the afternoon.

A brother-in-law, Benjamin Vitucci, 42, disputed the police statement that she had leaped in front of the train. He said she had no history of mental illness, and had been in good spirits.

PAVE YOUR STREET WITH Concrete

- 1 Your street should have a gritty, skid-resistant surface for the protection of motorists and pedestrians.
- 2 At night you'll want a pavement with a light color for high visibility.
- 3 Safety also calls for a pavement that is free from chuckholes, ruts and bumps . . . and stays that way with minimum maintenance.

You want a pavement that drains quickly . . . that is easily cleaned and stays clean, with no depressions to catch dirt . . . a pavement that makes the whole neighborhood look modern, prosperous, attractive. Concrete . . . and only concrete . . . is the pavement that completely meets all of these specifications. You'll like it for the street in front of your house.

Calls for Fast Action

Meany Declares Both Parties Do Little for Unemployment

WASHINGTON (AP) — Organized labor's top leader today accused both Republicans and Democrats of doing too little to halt mounting unemployment. He called for fast action to avoid economic chaos.

George Meany, AFL-CIO president, demanded a quick tax cut, increased jobless benefits, more defense spending and more money for such public works construction as schools, roads, hospitals and airports. His remarks were prepared for 1,000 AFL-CIO leaders gathered here to push for congressional action.

Meany predicted that a new government report on employment for February, due today, would show 5 1/4 million persons unemployed, up 750,000 from January.

"That's more than all the people in the states of Wyoming, Vermont, Utah, South Dakota, Rhode Island, North Dakota, New Mexico, New Hampshire and Nevada altogether," he said.

Add to that total the idle time of more than three million workers he said are now employed only part time — three and four days a week — Meany added, and it's the equivalent of another 300,000 unemployed.

He called for action from both the administration and Congress, saying: "The administration is to blame because it has done too little until it's almost too late, because it has sought to hide the truth behind a face of political cheerfulness. But the people on Capitol Hill must share the blame too. Congress need not have waited for administration leadership."

"Do not be misled by the political soothsayers and spellbinders from either side," he said. "The Democrats know they can make political capital out of talking about the recession and doing lit-

tle about it. The Republicans hope to protect themselves by hiding the fact that, during a Republican administration, the economy has become dangerously sick."

"This is not the time to indulge ourselves in partisan name-calling. Now is the time for all of us — no matter what our political preferences — to close ranks and get something done."

"That means abandonment of some of the administration's favorite and now thoroughly disproven economic theories. That means that for the good of the country, the Democrats are going to have to put political capital to one side and do something."

Blames Geography For Marriage Failure

HOLLYWOOD (AP) — Songbird Jaye P. Morgan blames geography for the breakup of her marriage with actor Mike Biano.

Miss Morgan, 26, said she soon would fly to Juarez, Mexico, for a divorce, adding:

"Mike and I parted friends. I am not asking alimony. Our trouble was that I work principally in or out of New York and his career keeps him in Hollywood."

Mrs. Hugh Hurt and Teresa, Pilot Grove, visited Mr. and Mrs. Melvin Carver and Marilyn Sunday afternoon.

Miss Olive Gander, Tipton, was an overnight guest Tuesday of Mr. and Mrs. Joe Brubaker. Mrs. Virgil Doty was an evening guest. Wednesday the Brubakers and Miss Gander visited in Marshall with Mr. and Mrs. T. H. Coe and helped Mrs. Coe celebrate her birthday.

New Business

WASHINGTON — The towing truck of a suburban Virginia garage got a bit of new business. It was summoned to pull out a horse which had mired chest-deep in a mud hole.

Rest and Relaxation

MEMPHIS, Tenn. — Miss Myrtle Johnson, 34, was arrested for throwing her boyfriend to a sidewalk.

"I work hard six days a week," she told the judge. "I think a girl has a right to relaxation and exercise on her day off. That's all I was doing."

Judge Beverly Boushe dismissed assault and battery charges with a warning that she be more gentle with your boyfriend.

Guests During Weekend At Pilot Grove

By Mrs. J. H. Coleman

PILOT GROVE — Dr. and Mrs. E. I. Schibb have as guests their daughter, Mrs. Tom Hurster and sons, St. Louis. Hurster is transacting business in Kansas City. Major and Mrs. Ensley Schibb and baby of Grandview, were weekend guests. On Sunday the Schibbs entertained with a dinner in honor of Tommy Hurster who was observing his sixth birthday. Additional guests were Mr. and Mrs. William Mullett Jr., Mr. and Mrs. William Mullett Jr. and Mrs. Guy Long.

E. E. Brooker attended the annual meeting of school representatives at Smithton Wednesday to discuss plans for future school meetings, proposed legislation and school administration.

Mr. and Mrs. John Friess, Sedalia were Sunday supper guests of Mr. and Mrs. Paul Meisenheimer and sons.

Mr. and Mrs. Ray McCleary, Kansas City, spent Sunday with Mr. and Mrs. Albert Brengarth.

Mr. and Mrs. William Ashmead had as Sunday guests Mr. and Mrs. William Moore, who were enroute to Kansas City after visiting at Linn, Mo.

Mr. and Mrs. Clarence Lang and Mr. and Mrs. John Heinrich Jr. returned home Sunday after a two week tour of Mexico.

Mr. and Mrs. Jay Bean, Salisbury, spent Sunday afternoon with Mr. and Mrs. John Davis. They were accompanied by their son, Gary, who had spent the weekend with his grandparents.

David Mellor, T. J. Mellor and Miss Blanche Dye, Kansas City, spent the weekend with Mr. and Mrs. Ernest Mellor. Additional Sunday dinner guests were Mr. and Mrs. Ernie Mellor and Rusty, Blue prings, Mr. and Mrs. George Hutchison and family, Pilot Grove.

Mr. and Mrs. Dor Heim had as Sunday dinner guests Mr. and Mrs. Elwood McKinney and family, Sedalia, Mr. and Mrs. Dora Helm Jr. and son, Earl, Pilot Grove.

Mr. and Mrs. William Coleman spent Wednesday evening with Mrs. Ben Morris, Centralia and her daughter, Mrs. John Tucker and family, Los Alamos, N. M.

Community Concert Directors Have Meet

Members of the board of directors of the Sedalia Community Concert Association met Saturday evening at the Bothwell Hotel. The new directors are Arthur Hoffman, Fred Brink, Miss Florence Hurt, and Mrs. A. R. Beach. Detailed plans of the membership campaign which is to be the week of April 14-19, were presented by Russell Maag, chairman, and L. J. Brown, co-chairman. Members present at the meeting were Mrs. Al Miles, Mrs. Herb Mason, Mrs. Russell Rhoads, Ralph Carrel, Russell Maag, L. J. Brown, Pinkney Miller, Miss Mabel DeWitt and Gilbert Jones, president of the Sedalia Association. Mrs. A. R. Beach and Fred Brink new directors who take official office April 19 were also present.

FRIENDLY TRAVELER — The latest in doghouses is this "dognik," built by Edward Haupt, a Toledo (Ohio) wholesaler. Built of fiberboard, it affords Haupt's Scotty, "Doodie," plenty of air and an excellent view of its surroundings. Haupt, who likes to build gadgets just for fun, calls this one "friendly traveler." A literal translation of Sputnik, Russia's earth-circling satellite, is "fellow traveler."

To Explain Financing Of Superhighways

WASHINGTON — Secretary of Commerce Weeks appears before the Senate Public Roads subcommittee to explain the administration's plan to put an additional \$2,200,000,000 into the national superhighway network in the next three years.

Sen. Gore (D-Tenn.), the subcommittee chairman, said he was sticking to his own bill introduced last week as a Democratic plan to step up highway spending sharply.

Gore's bill would provide 12½ billion dollars of new financing over the full span of the program to cover the 40 billion cost and still complete the interstate network in the time originally planned.

I would do this by taking the other federal-aid road systems — the primary, farm-to-market and urban — out of the highway trust fund and financing them from general tax funds at a cost of about 900 million dollars a year.

Car Goes on Rampage With Driver Asleep

COLUMBIA, Tenn. — Wiley Faught, 19, was asleep in a car when it went out of control on a curve and threw out its driver, James Adron Ivie, of Summer town.

The auto continued on. It knocked down a mailbox, guard rails, scaled an embankment and knocked down a church sign. Then it swooped back down the bank and across the highway into the front yard of the George Crews residence. Finally it smashed into the living room.

Crew awakened, went into his living room and shouted:

"Hey, there's glass in here, and why, there's a car!"

It was indeed. Inside was Faught—unhurt and still asleep.

Mrs. Lorenz Honor Guest At Birthday Dinner

By Mrs. Mary Fairfax

CLIFTON CITY — Mrs. Marie Lorenz was a guest of honor at a birthday dinner Sunday at the home of her son, John Lorenz, in Jefferson City. Other guests were Robert Elmer Norman and Leroy Lorena of the home, Mr. and Mrs. Jay Twenter, Sedalia, Mr. and Mrs. Kenneth Kemp and daughters, Boonville.

Mr. and Mrs. George Schultz and daughter of Independence, were weekend guests of Mr. and Mrs. William Todd and Sharon.

Sunday guests of Mr. and Mrs. Oscar Dove were Mr. and Mrs. Don Kline and Donna, Smithton, Mr. and Mrs. Roy Kline and Ricky, Sedalia.

Mr. and Mrs. Floyd Dixon, Kansas City, were weekend guests of Mrs. Susie Todd. Mrs. Dixon remained for a longer visit to help care for her mother, who is quite ill.

Harry Kemper, who was called here by the death of his mother, Mrs. William Kemper, has returned to his home at Daytona Beach, Florida.

The children of Joe Gerke surprised him Sunday on his birthday. The Rev. Oral Stroupe, employed in Kansas City, spent the weekend with his family.

Mrs. S. F. Needy, Mrs. J. E. Potter, Mrs. Essie Holmes, Mrs. Bessie Maloney and Mrs. H. H. Forte attended the World Day of Prayer at the Baptist Church in Pilot Grove Friday.

The 4-H Club, Lamine, presented a radio program Saturday morning with all members except one participating.

H. H. Forte, section foreman at St. Charles, spent the weekend here.

Mr. and Mrs. Emil Pabst spent Sunday in Marshall with relatives.

Dinners And Club Meets At Green Ridge

By Mrs. Verna Palmer

GREEN RIDGE—Mrs. Eva Davis entertained at dinner honoring her daughter, Mrs. C. R. Bennetts, and Dr. Bennetts of Traverse City, Mich., last Sunday. Others present were: Mr. and Mrs. Albert Davis, and Mr. and Mrs. Santer Davis of Kansas City, Mr. and Mrs. Wilbur Easter of Lee's Summit, Mr. and Mrs. F. A. Easter, Mr. and Mrs. Elmer Easter and daughters and Mrs. Lois Poulter, all of the Green Ridge community.

Mr. and Mrs. Emmett Brown of LaMonte were additional guests in the Davis home that afternoon.

Dr. and Mrs. Bennetts were enroute to the state of Arizona for a vacation trip.

Vocational agriculture trainees from ten counties participated in a dairy, field crops, meats and livestock selection school at Marshall recently. A total of 28 students from 19 different schools participated. Wellington High School placed first among all the participating departments of vocational agriculture on total grades. Keytesville was second and Green Ridge was third.

Mr. and Mrs. Elmer Bullard Jr. of Columbia, have adopted a six-month-old boy and have named him David Lee. Bullard is the son of Mr. and Mrs. Elmer Bullard Sr.

Mrs. Carl E. Johnson entertained guests at a surprise birthday dinner recently, honoring Mr. Johnson at their farm home.

Guests were Mrs. Willa Johnson and Harold Johnson of Sedalia, Mr. and Mrs. Harold Wiley and daughter, Camdenton, Mr. and Mrs. J. L. Johnson and daughter of Knob Noster and Mr. and Mrs. Denzil Gibler of Chillicothe.

Mr. and Mrs. J. A. Snapp entertained at a family dinner recently. Guests were Mr. and Mrs. Clyde Benz and children, Kansas City, Kan., Mr. and Mrs. Clarence Goldsmith and son of Windsor, and Mrs. Danny Elliott and son of near Green Ridge. Mr. and Mrs. David Wear and son of Augusta, Kan., were guests on Tuesday in the Snapp home.

A series of revival meetings will be conducted at the Green Ridge Baptist Church, beginning Friday evening, March 14, and continuing through Sunday evening, March 23.

The evangelist, Rev. Robert Lawson of Ozark, Mo., will conduct the services assisted by the pastor, Rev. Forrest E. Stout.

Mr. and Mrs. Glen Heck entertained 27 members of the Worthy

Matter of FACT

The iris is named for the Greek goddess of the rainbow. There are about 200 species, all of which are native to lands north of the equator. Long ago flower-loving peoples carried other kinds of irises with them in their travels; so it is difficult to tell where in the Old World they grew originally. Instead of being related to the lily, the iris is a member of a family which includes the gladiolus, the crocus and the freesia.

Bank Porter Uses Unique Robbery Plan

LOUISVILLE, Ky. — A sign or the night depository chute of a branch of the Lincoln Bank & Trust Co. read "Out of order; leave deposit with porter."

Three after-hours depositors followed the instructions.

And now the FBI is looking for the porter and \$1,100.

The chute wasn't out of order at all.

Charles E. Weeks, special agent in charge of the FBI office here, gave this account:

The porter, Oliver Thomas Guest Sr., 31, Negro, put up the sign while he was waxing floors. After three persons gave him deposits, he left two at the bank and departed with one amounting to \$1,100.

Matrons' and Worthy Patrons' Club, Order of the Eastern Star, of the 36th Masonic District, at a contributive dinner meeting at their home in Green Ridge Sunday, March 2.

Now Many Wear FALSE TEETH With More Comfort

PASTEETH, a pleasant alkaline (non-acid) powder, holds false teeth more firmly. To eat and talk in more comfort, just sprinkle a little PASTEETH on your plates. No gummy, sticky, pasty taste or feeling. Checks "plate odor" (denture breath). Get PASTEETH at any drug counter.

Picks Up Cashier Who Robbed Bank of \$41,504

FAYETTEVILLE, W. Va. — One evening last summer, bank cashier W. G. Potter of nearby Mount Hope told his wife he was going for a walk. He didn't come back.

Next day, the Mount Hope Bank's vault was found locked with a timing device set for 72 hours later. When it was opened, \$41,504 was gone.

Yesterday, near the statehouse in Charleston, State Trooper A. R. Bruce became suspicious of a motorist with bandages on either side of his mouth and wearing cheap, dark glasses. When the man was taken to company headquarters, Lt. W. R. Callaghan identified him as Potter.

The 57-year-old cashier, a trusted bank employe for 35 years, disappeared Aug. 27, 1957. A federal grand jury indicted him last January.

At the Fayette County jail, Potter said he was on his way home to give himself up. Authorities said, however, he had a plane ticket to Chicago dated March 12. He had been living in Denver, Colo., and the Midwest.

Potter had \$500 on him when picked up. No explanation was offered about the remainder of the money.

Caught Red-Handed

TROY, N.Y. — Lipstick can get a man in trouble.

State Police arrested two young men after finding a warning sign on a state highway near here. Such signs are forbidden, along state highways without permission of the Public Works Department.

The sign, in lipstick letters, said: "Watch Out—Radar."

James D. Nichols, 20, and Robert E. Shaver, 17, were caught literally red-handed.

A great straight!

KKK Leader on Trial For Inciting a Riot

LUMBERTON, N.C. — James W. Cole, accused of inciting to riot by holding a Ku Klux Klan rally that gun-firing Indians routed, goes on trial today in Robeson Superior Court.

The Indians, members of the Lumbee tribe, took two cross burnings and the Jan. 18 rally plans as insults and warnings to them against race mixing.

Sheriff Malcolm McLeod, aware that feeling was running high among the Indians, said he drove to Cole's Marion, S.C. home 40 miles away and urged the 33-year-old Klan wizard not to go through with the rally.
